

Commonwealth Secretariat and IFC Forum Conference

**Small IFCs: Sharing Perspectives and Meeting
the Challenges**

Technical Assistance and Capacity Building

**Colin Powell, CBE
Adviser – International Affairs
Chief Minister's Department
Jersey**

Technical Assistance and Capacity Building - What Role Can IFCs Play?

- Helping with the standard setting;
 - Helping to meet the standards;
 - Helping with the assessment process;
 - Helping prepare for assessments;
 - Helping developing countries to build up their domestic and international capacity.
-

Helping with the Standard Setting –

- Company ownership;
- Trusts;

Helping to meet the standards –

- TIEAs/DTAs with relevant partners;
 - Speed of response to requests.
-

Helping with the assessment process –

- Providing assessors;
- Training assessors;
- Participation in the Peer Review process.

Helping others to prepare for assessments –

- Advice/guidance.
-

Helping developing countries to build up their domestic and international capacity –

- Legislative framework;
- Resourcing – number and skills;
- Access to information (domestic and international)

Jersey's programme of assisting developing countries.
